Friends and Family Ski Safari 2018, Salzburger Sportwelt, Austria

Salzburger Sportwelt is a World Cup ski region constantly looking for new ways to innovate and impress; recent improvements include the G-Link gondola linking the two mountains in Wagrain and a wide variety of challenging snowparks for freeriders. In all, it's an unbeatable mixture of sport, action, après-ski and hospitality.

Based at one of our flagship hotels in the area, with easy access to the slopes and wonderful in-house facilities, you'll enjoy an authentic Austrian ski experience. Our ski safari will give you the chance to ski in different ski areas over your week and will feature Saalbach-Hinterglemm, Wagrain, Zell am See and Obertauern. The new Flying Mozart lift provides great access to beginner slopes as well as a quick uplift to more challenging runs.
